Saturday 8:00-12:00

Order now to secure the best price for your Flu Vaccines for winter 2018/19

The 2018 Flu Vaccine is now available for pre order for both your patients and your staff.

Ordering your stock now guarantees you **our best price of £5.78+VAT** for winter 2018/19, as we will pre-book your stock with the manufacturer when we place our order in February 2018. There is no minimum order quantity for this.

For orders placed with us after 26th February 2018, we cannot guarantee this best price. Alternatives will need to be sourced and stock increasingly difficult to obtain as the winter progresses.

Who should you order the flu vaccine for?

The NHS recommends the following groups are 'at risk' and should have a flu vaccine every year:

- Anyone living in a long-term care facility
- Frontline healthcare workers
- Anyone aged 65 or over
- Pregnant women
- Anyone with a long-term medical condition, such as cardiac or respiratory disease, kidney or liver disease, diabetes, neurological conditions, learning disability or those who are seriously overweight

When will you receive the vaccines?

Orders will be dispatched and invoiced in Autumn 2018. We will contact you nearer the time to discuss your delivery requirements.

Product details

The flu vaccine product is the **Enzira Inactivated Influenza Vaccine**. For detailed clinical information about this product, please visit: <https://www.medicines.org.uk/emc/medicine/20070>

Allergy advice – contains egg. For information about the egg-free version, please contact us separately on 0345 222 3550.

Please note

All orders must be received by:

**26th
February
2018**
